

# GOLD NUGGETS

G.W.R.R.A.

REGION J – CHAPTER BC-A, VANCOUVER, B.C.

FEBRUARY, 2009

While the riding season hasn't really begun, the Gold Wing Chapters in the Lower Mainland have managed to fit in a few rides—and we've been busy with various social events. We're pleased to announce that the **'Rider Education'** courses begin this month. These courses are *by far*, one of the best values in rider safety that you can invest in. Become a member in the Gold Wing Road Riders Association and join in on the *many benefits*. The member prices are so low, I don't dare mention them here!

Anyone itching to go for a ride? Well a few of us lucky souls have already been on a few rides this year. The truly amazing thing about the Vancouver area is that our Winter season is generally short and mild. You know, it only rains in Vancouver in the Winter when we have visitors. ;-) Ok, ok, so we have had one of the snowiest, coldest Winters on record, but hey, that was December and January. February in the Lower Mainland brings spring flowers and with it, some decent days to go for a ride ... it's been great so far. I'm predicting a great spring, if for no other reason than...well, have a look at our **Calendar of Events / Ride Schedule** on page 9.

## RIDER EDUCATION

Do I need to push Rider Education? Well for those who know me, it's just one of those things that I don't think you can have enough of. I know that I never stop learning and the day I think I can't learn anymore is the same day I should sell the bike and stop riding. As we all know, riding a motorcycles is dangerous, and bad things can happen in a instant. *The rider education courses are to help us all refresh our skills and help prepare us, so we're able to help ourselves and others.* Dan Renault, Chapter Educator for BC-D had an experience in late fall that reinforces just how important being prepared is. He was present when a motorcycle rider passed a car (his just repainted vintage Volkswagen Beetle) making a left turn ... and he tried to pass on the LEFT! Well, guess what happened. Dan's emergency first aid training probably saved the riders life. I won't address the motorcyclists behavior (too weird), except to say, he was found at fault and is lucky to be alive (thanks to some immediate first aid).

The first of our Rider Education courses is the **Medic First Aid** course and I encourage everyone to sign-up (for more information on the courses see the Calendar of Events). The certificate is valid for two years, so for those that have taken it in the past, please check your expiry date. The skills learned are useful in any situation. **Riding courses will start in April.**

## REGION 'J' RALLY

The planning of the **2009 Region 'J' Rally in Maple Ridge** is coming along fantastic! What an amazing group of planners! "Thank you everyone!!!" The support from the local community is incredible and as promised the Vendor Committee is delivering a Mini Trade Show with 14 confirmed vendors to date. The entertainment, food, rides and other committees are now working on the final details. This is going to be a Rally to remember ... so don't forget to register at: [http://members.tripod.com/gwrra\\_bca/rally.htm](http://members.tripod.com/gwrra_bca/rally.htm)

*What a incredible year 2009 is going to be!*

Ride Safe,  
John & Leslie

A young wife sat on a sofa on a hot humid day, drinking iced tea and visiting with her Mother. As they talked about life, about marriage, about the responsibilities of life and the obligations of adulthood, the mother clinked the ice cubes in her glass thoughtfully and turned a clear, sober glance upon her daughter

'Don't forget your Sisters,' she advised, swirling the tea leaves to the bottom of her glass. 'They'll be more important as you get older. No matter how much you love your husband, no matter how much you love the children you may have, you are still going to need Sisters. Remember to go places with them now and then; do things with them.'

'Remember that 'Sisters' means ALL the women... your girlfriends, your daughters, and all your other women relatives too. 'You'll need other women. Women always do.'

What a funny piece of advice!' the young woman thought. Haven't I just gotten married? Haven't I just joined the couple-world? I'm now a married woman, for goodness sake! A grownup! Surely my husband and the family we may start will be all I need to make my life worthwhile!

But she listened to her Mother. She kept contact with her Sisters and made more women friends each year. As the years tumbled by, one after another, she gradually came to understand that her Mom really knew what she was talking about. As time and nature work their changes and their mysteries upon a woman, Sisters are the mainstays of her life.

After more than 50 years of living in this world, here is what I've learned:

### THIS SAYS IT ALL:

Time passes. Life happens. Distance separates. Children grow up. Jobs come and go. Love waxes and wanes. Men don't do what they're supposed to do. Hearts break. Parents die. Colleagues forget favors. Careers end. BUT..... Sisters are there, no matter how much time and how many miles are between you. A girl friend is never farther away than needing her can reach. When you have to walk that lone-some valley and you have to walk it by yourself, the women in your life will be on the valley's rim, cheering you on, praying for you, pulling for you, intervening on your behalf, and waiting with open arms at the valley's end. Sometimes, they will even break the rules and walk beside you...Or come in and carry you out.

Girlfriends, daughters, granddaughters, daughters-in-law, sisters, sisters-in-law, Mothers, Grandmothers, aunties, nieces, cousins, and extended family, all bless our life!
